

## SOFISTiK Training & Consulting Package (SOFITCP)

To be able to use SOFiSTiK programs efficiently, continuous training is enormously important. The Training & Consulting package offers you a wide range of options and also facilitates the planning of your annual budget. By purchasing a number of units of your choice (LE) for 120.00 EUR + VAT, you can choose from the training portfolio or the project support - according to your needs.

### Our offers for you:

On Site Training - Germany (8 hours)	12 LE / training day
On Site Training - Europe (8 hours)	14 LE / training day
On Site Training - Worldwide (8 hours)	22 LE / training day
On Site Training - Following days (8 hours)	10 LE / following day
Training at SOFiSTiK in Nuremberg / Oberschleissheim (8 hours)	10 LE / training day
Online Training Session (2 hours)	2 LE / Online Training
Project Consulting per remote and phone (depending on complexity)	1 LE / hour (mind. 0,5 h)

The services refer to the statics & BIM product line. SOFiTCP can only be used in connection with a software service contract. The performance can be carried out by our subsidiary BiMOTION. Unpaid service units expire after one calendar year. Travel expenses will be invoiced separately. The terms of the software service contract apply. Unless otherwise formulated, the terms and conditions of delivery and update of SOFiSTiK AG shall apply.
